

# Procedure Packs

**RAPID  
RESPONSE**

# RAPID RESPONSE PROCEDURE PACKS

Merit Medical's all-in-one Rapid Response Procedure Packs are ideal for the busy clinical team, designed to bring convenience, efficiency, and savings to your hospital or OBL. Our standard pack solutions can help simplify prep and procedure, support quality patient care, and reduce inventory levels by taking the guess work out of product selection and putting time back in your staff's hands.

# Advantages of Merit Rapid Response Procedure Packs

## We're Here To Help

Quick access to the most critical components is more important than ever. Our Rapid Response packs are available for immediate order – no waiting on long lead times – allowing us to address potential shortages well ahead of a crisis, taking the worry away from you.

## Merit Sustainability

Like you, we are committed to environmental stewardship and have made it a top priority to reduce our environmental footprint. Merit Rapid Response Procedure Packs reduce packaging waste associated with single sterile items. Together, we can move toward a more sustainable future in healthcare.

## Safety Solutions

Merit's line of safety products set the standard in staff and patient safety. We provide your team with industry-leading, innovative, and easy-to-use products that help you achieve your system-wide safety initiatives. You will find many of these products in our Rapid Response packs.

# GOING BEYOND THE STANDARD SOLUTION

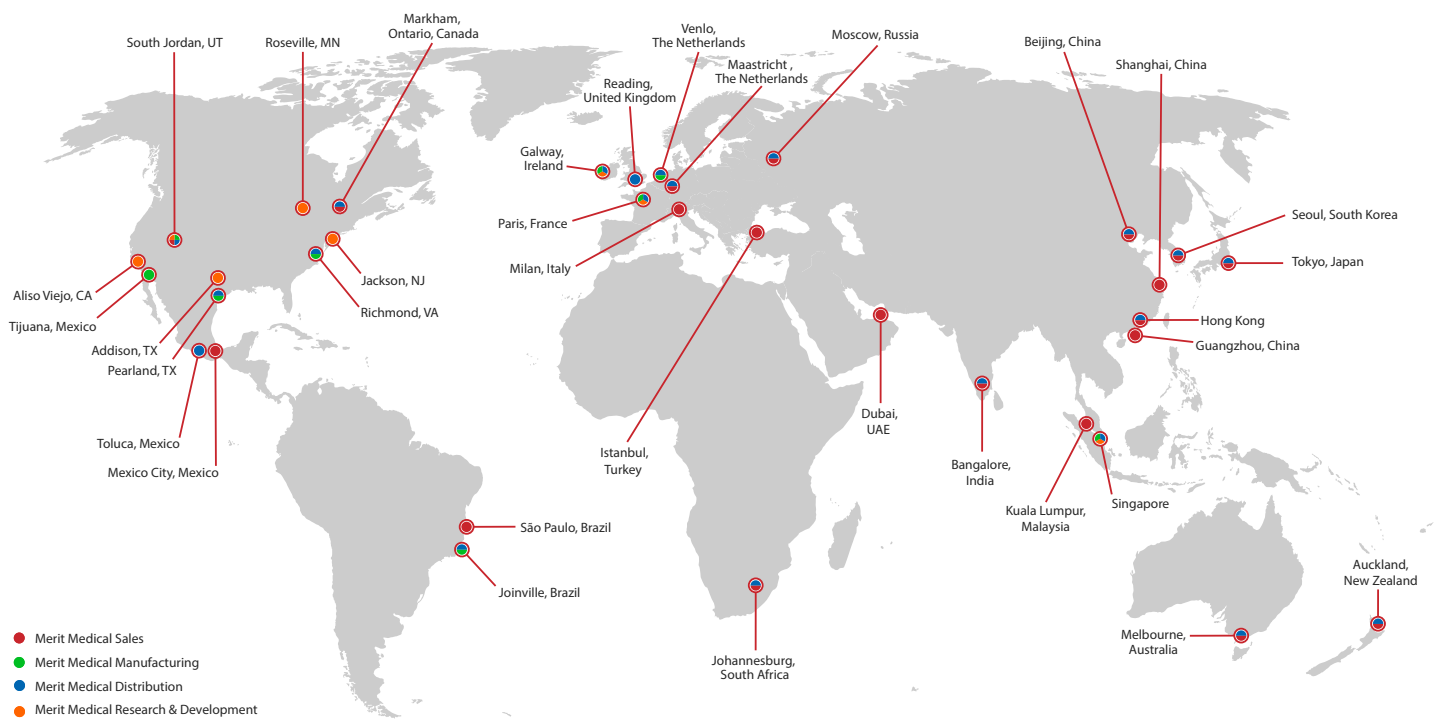

At Merit, we understand you have individual needs. We know that sometimes treatment goes beyond a standard pack to provide patients with exactly what they require. Combine our diagnostic and therapeutic medical devices with the right supplies for complete solutions, backed by the quality and service Merit is known for – and the possibilities are endless. Whether you need standardized packs designed for use across multiple procedures or solutions for specific cases, our representatives can help determine the combination of products for optimal efficiency and savings.
